

I am responding to a letter I recieved from the Attorney Generals Office, RE: Telephone Privacy. Please do not weaken Indianas law, We were getting up to 3-4 calls a night when we got home, some as late as 9:00, most during dinner. As far as I am concerned it is harrassment, especially when the same company keeps calling back each week or two. I dont want to have my own bank calling me soliciting, when I see their adds on TV. PLEASE DONT LET THIS HAPPEN
